
OUTDOOR LIGHTING – ENERGY ONLY
DUSK TO DAWN

| DESCRIPTION | RATE CODE |
|--|----------------------|
| Sign Lighting | 30-747 |
| Street and Area Lighting - Metered | 30-748 |
| Street and Area Lighting - Non-Metered | 30-749 |

REGULATIONS: Terms and conditions of this tariff and the General Rules and Regulations govern use under this schedule.

AVAILABILITY: This tariff is available to both private and governmental entities. The tariff will allow the Company to sell automatically operated dusk to dawn outdoor lighting electric energy to municipal and other outdoor area lighting customers who choose to own, install, and maintain the lighting equipment. Under the tariff, Otter Tail will provide only the dusk to dawn electric energy.

EQUIPMENT AND SERVICE OWNERSHIP: The customer or other third party shall install and own all equipment necessary for service beyond the point of connection with Company's electrical system. The point of connection shall be at the meter or disconnect switch, for service provided either overhead or underground. The customer will be responsible for furnishing and installing a master disconnect switch at the point of connection so as to isolate the customer's equipment from Company's electrical system. The customer's disconnect switch must meet the Company's specifications.

The customer is responsible for the cost of providing maintenance on the equipment it owns. The Company reserves the right to disconnect the customer's equipment from the Company's electrical system if, in the Company's determination, the customer's lighting equipment is operated or maintained in an unsafe or improper manner.

RATE – METERED:

| OUTDOOR LIGHTING - ENERGY ONLY | |
|---------------------------------------|-----------------|
| <u>Metered Rate</u> | |
| Customer Charge per Month: | \$1.60 |
| Monthly Minimum Bill: | Customer Charge |
| Facilities Charge per Month: | \$0.00 |
| Energy Charge per kWh: | 6.580 ¢/kWh |

R

RATE – NON-METERED:

| OUTDOOR LIGHTING – SIGN LIGHTING AND NON-METERED RATE |
|---|
| Monthly charge = Connected kW x \$22.48, where Connected kW is the rated power of the lighting fixture (including ballast) |

R

INTERIM RATE ADJUSTMENT

A 3.8 percent increase will be added to the sum of the following, as applicable: Customer Charge, Energy Charge, Demand Charge, Fixed Charge, Facilities Charge, Monthly Charge, and the monthly Minimum Charge.

N
N
N**

MANDATORY AND VOLUNTARY RIDERS: The amount of a bill for service will be modified by any Voluntary Rate Riders selected by the Customer or Mandatory Rate Riders that must apply. See sections 12 through 14 of the Minnesota electric rates for the applicability matrices of riders.

SERVICE CONDITIONS: Company-owned lights shall not be attached to customer-owned property.

Company shall have the right to periodically review the customer’s lighting equipment to verify that the rated power (kW) of the non-metered fixtures is consistent with the Company’s records.
