OTHER SIREN SERVICE: If the siren is served through a tariff applicable to the City Hall, fire hall or other tarified service, no separate billing shall be made for the siren.

SERVICE CONDITIONS: Service shall be provided off of standard distribution facilities typical of those in the general area. If it is necessary for the Company to install non-standard distribution facilities in order to provide service, the customer shall be responsible for any additional costs associated with the non-standard facilities. As part of this tariff, the Company will provide an extension of up to one span of wire, not to exceed 300 feet. No additional transformer capacity shall be provided without additional charges.

The Company shall have the right to periodically review the customer's Civil Defense-Fire Siren rated horsepower (hp) to verify that the rated hp of the non-metered siren is consistent with the Company's records.
