**SEASONAL RESIDENTIAL SERVICE:**

1. These rates and regulations shall apply to seasonal and lake cottage service and to rural residential service only. Resorts, stores, farms and other commercial establishments will be billed at the rates provided for such classes of service.
2. Seasonal customers will be billed at the same rate as year-around customers, except as follows:

A one-time seasonal fixed charge of \$32.00 will be billed each seasonal customer in addition to the rate provided above. The fixed charge will be included on the first bill rendered for each season.

Each seasonal customer will be billed for the number of months each season that the residence or cottage is in use, but not less than a minimum of four months, plus the seasonal fixed charge. The Company will normally read meters and render a bill during the months of June, July, August and September. At the option of the Company, meters may be read at other times during the year and a bill will be rendered if energy recorded on the meter exceeds 100 kilowatt-hours.

Billing may be rendered on a two-month basis at the discretion of the Company; when the energy used exceeds 100 kilowatt-hours and more than 55 days have elapsed since the previous meter reading, the bill will be rendered on a two-month basis.

Seasonal customers will also be subject to a connection charge of \$40.00 when the account is established.
