## Manage your account from the comfort of your home

We continually add features to our web site to better meet your needs. If it's been a while since you've visited us online, log in today.

### View or pay your bill

- Use ePay to see your bill and to make payments from your bank account. It's free.
- Make a one-time payment using your checking account, credit card, or debit card with COLLECTpay. A convenience fee applies.

### Request service

- Set up a new account.
- Make changes to an existing service.
- Submit your meter reading.
- Notify us of needed security lighting repair.

You also can track energy-control activity, sign up for email notices about energy control or workshops, and more!

### Bill Analyzer

See what's behind the numbers and find ways to save with Bill Analyzer, our newest online service for residential accounts.

You'll find:

- Your current billing and payment status.
- Analysis of the factors that may have changed your bill.
- 25 months of billing and usage history for in-depth review.
- A personalized home profile tool that can help you plan for energy savings.

To learn about the online services available to you, visit us at [www.otpc.com](http://www.otpc.com) and click on **Register now!**
