Fergus Falls, MN 56538-0496

CoolSavings terms and conditions

1. CoolSavings is a free program available to our qualified residential customers.
2. You must enroll in CoolSavings for a minimum of one year from the date we install control equipment at your home.
3. We'll install, inspect, test, and maintain the radio receiver used to control your air conditioning without charge. You must allow reasonable access to the radio receiver and any other company-owned equipment.
4. Enrollment continues automatically year to year until we receive notification of cancellation. After participating for a full year, you may cancel by calling 800-493-3299.
5. You must allow us to control all central cooling equipment at the location of service.
6. Maximum cycled control will not exceed 8 hours a day or 300 hours during the summer season, which is June through September.
7. We aren't liable for any loss, cost, damage, or injury resulting from interruptions or restorations of service that may occur while you're participating in CoolSavings.
8. If you tamper with any load-management equipment located on your property, we may discontinue your participation in CoolSavings and may bill you for expenses to remove company equipment plus investigative charges.
9. We reserve the right to deny participation or cancel enrollment in CoolSavings at any time. Reasons for denial or cancellation include, but are not limited to, excessive installation costs, oversized or undersized air-conditioning equipment, or abnormal utilization of equipment, including seasonal homes and other limited-occupancy situations.
10. CoolSavings participants receive a credit of \$8.25 per month for participating June through September. Credit applied may be prorated and may change by action of the applicable state regulatory bodies.

CoolSavings

**Join your neighbors
to help manage summer's
energy-use peaks**

Program eligibility

- Central air-source heat pumps or central air conditioning (AC) systems are eligible for this program.
- Only units connected through your main meter (served on our Residential Service or RDC Rates) are eligible for CoolSavings.
- Window units and ductless air-conditioning systems do not qualify.
- Units served on a discounted controlled-service rate do not qualify.

How it works

- The program is active June through September.
- We'll install our control equipment on the outside of your home.
- You'll receive a monthly credit on your summer-season service statements.
- During occasional peak periods we'll cycle your cooling system on a 15-minute on/off schedule.
- Most people don't even notice when cycling occurs.

**Enroll your central cooling system today
and save up to \$33 this summer!**

**Stay cool and save.
Set up is free!**

*Read the terms and conditions on back
and use the form to enroll today.*
