## Signature

We can't process your ENERGY STAR Appliance Rebate Application unless all appropriate fields are complete. This application is valid for products installed between January 1, 2024, and December 31, 2024. I've read and understand the Terms and Conditions. I certify the information I've provided is true and correct, and the product(s) for which I'm requesting an incentive meets the requirements in this application. I've elected to use an electronic signature and understand and intend that a legal signature is formed by typing my name on this document. If any party doesn't wish to sign this document electronically, all must opt out together and print a paper copy to sign manually.

# 2024 ENERGY STAR® Appliance Rebate Form

## Terms and conditions

We reserve the right to deny any rebate which doesn't meet program guidelines included on this application. Program may be discontinued or modified at any time.

### Qualifying customers

This program is available to our Minnesota residential and small commercial customers who've installed qualifying electric dehumidifiers, air purifiers, heat pump water heaters, induction cooktops, refrigerators, freezers, dishwashers, clothes washers, and clothes dryers (including heat pump clothes dryers).

### Rebate details

A customer requesting a rebate must purchase and install a new ENERGY STAR-rated electric dehumidifier, air purifier, heat pump water heater, induction cooktop, refrigerator, freezer, dishwasher, clothes washer, or clothes dryer.

Compact-sized appliances and appliances not rated as ENERGY STAR don't qualify. Size of refrigerator or freezer must be 10 to 27 cubic feet in size. Dehumidifiers must have a minimum capacity of 50 pints per day.

Customers are eligible for rebates for any combination of appliances, but no more than one appliance type per year.

Qualifying equipment must be purchased and installed prior to December 31 to qualify for a current-year rebate. Rebates on applications received after December 31 are subject to change. Rebate applications received after March 31, 2025, for prior year installations won't qualify for rebates.

## HOW TO RECEIVE YOUR REBATE

Submit rebates by email to [rebates@otpc.com](mailto:rebates@otpc.com).

Mail in **completed rebate form** with a copy of your **dated sales receipt and proof of ENERGY STAR rating**.

**Mail to:**  
Rebates  
Otter Tail Power Company  
P.O. Box 496  
Fergus Falls, MN 56538

Our program requires you to submit a **completed rebate application, proof of ENERGY STAR rating (see Energy Guide example below), and a dated sales receipt/invoice**, with a circled purchase price, before we can issue a rebate.

We issue cash rebates in the form of checks, not energy bill credits. Allow 6 to 8 weeks for rebate processing.

We reserve the right to limit any rebate. Acceptance of the application doesn't guarantee payment of a rebate. We'll notify you if your application hasn't been accepted, pending final review.

Rebate qualifications don't imply any company representation or warranty of any work performed. We also don't warrant that actual energy savings will be equal to the contractor's estimate. Customers agree that we aren't responsible or liable for any personal injury or property damage caused by installation. This rebate program is subject to change or cancellation without notice.

Please visit [otpc.com](http://otpc.com) or call our Idea Center at 800-493-3299 to determine whether any program changes have occurred.
