Otter Tail Power Company ECM rebate program requirements and guidelines

Otter Tail Power Company reserves the right to deny any rebate which does not meet program guidelines included on this application. Program may be discontinued or modified at any time.

Qualifying customers

This program is available to Otter Tail Power Company MN residential and small commercial customers who have installed qualifying equipment.

Send completed application to:

Otter Tail Power Company
Idea Center
215 S Cascade St
Fergus Falls MN 56537

Rebate details

Customer requesting rebate must install a **new heating system along with a new energy efficient ECM.***

New heating system and ECM must be installed by an HVAC contractor.

This program will provide a rebate of \$100 for the installation of the new energy efficient ECM.

Otter Tail Power Company reserves the right to inspect installations before issuing a rebate.

Qualifying equipment must be purchased and installed prior to December 31 to qualify for a current year rebate. Rebates on applications received after December 31 are subject to change. Rebate applications received after March 31 for prior year installations will not qualify for a rebate.

Our program requires you to submit a completed rebate application and a dated sales receipt/invoice, circling the purchase price, before Otter Tail Power Company can issue a rebate.

Otter Tail Power Company issues cash rebates in the form of checks, not energy bill credits. Allow 6 to 8 weeks for rebate processing.

Otter Tail Power Company reserves the right to limit any rebate. Acceptance of the application does not guarantee payment of a rebate. You will be notified if your application **has not** been accepted, pending final review.

Qualifications for a rebate does not imply any Otter Tail Power Company representation or warranty of any work performed. Otter Tail Power Company also does not warrant that actual energy savings will be equal to the contractor's estimate. Customer agrees that Otter Tail Power Company shall not be responsible or liable for any personal injury to property damage caused by installation. The rebate program is subject to change or cancellation without notice. Please visit us at www.otpc.com or call our Idea Center at 800-493-3299 to determine whether any program changes have occurred.

**If ECM is integrated into the heat pump it does not qualify for a rebate. Rebates for these are inclusive under our heat pump rebate program.*
