Make it a year to save!
Give your air conditioner a coffee break during summer peaks and we'll give you a credit each month.

It's about balance

CoolSavings

Be ready when summer heats up.

We know it's cold outside, but now's the time to enroll in **CoolSavings**. And we've increased the monthly credit!

How it works:

- A company representative installs, without charge, a radio receiver on the outside of your home that automatically controls your air conditioner.
- When demand for electricity is high or when system conditions warrant, we cycle your air conditioner 15 minutes on and 15 minutes off.
- You receive a \$8.25 monthly credit on your service statements, June through September.
- Already enrolled? Great! You'll automatically receive the \$8.25 credit.
