

Commercial and industrial grants

Propose an energy-saving
project for your business

Energy-saving ideas

You know your business best—and you know where there's room for energy-saving improvement. Possibilities include:

- *Changing your compressed-air system.*
- *Adding chiller equipment.*
- *Making process improvements.*
- *Installing heat pumps and mechanical vapor recompressors.*
- *Adding adjustable-speed drives.*
- *Improving your lighting.*
