

# Even Monthly Payment

Simple budget billing.

# Make budgeting easier!

Our Even Monthly Payment (EMP) plan makes it easier to manage your budget. We'll average your electric bills from the past 12 months to project your monthly payments for the next year. We'll review your account twice a year and adjust your EMP amount if your electric use changes significantly. We'll also pay interest on your average daily credit balance.

## Need help paying?

Minnesota customers receiving Energy Assistance are eligible for a monthly bill credit through our Uplift program. For more information visit [otpc.com/uplift](https://otpc.com/uplift).
