

Notice of decrease to our Renewable Resource Cost Recovery Rider

The North Dakota Public Service Commission approved our request to adjust our Renewable Resource Cost Recovery Rider beginning June 1, 2025. The approved factor for all classes of service decreased from 2.449% of base charges and credits to (2.950)%. A typical residential customer's bill will decrease by approximately \$5.27.

This rider recovers costs associated with our investments in renewable generation resources.
