

# Notice of increase to our Renewable Resource Cost Recovery Rider

The North Dakota Public Service Commission approved our request to adjust our Renewable Resource Cost Recovery Rider beginning May 1, 2026. The factor for all classes of service increased from (2.950)% of base charges and credits to (0.812)%. A typical residential customer's monthly bill will increase by approximately \$2.10.

This rider helps recover costs associated with our investments in renewable generation resources.
