Employees who volunteer 24 hours or more with a qualifying nonprofit are eligible for a donation to that organization through our **Power of Two** program. Our employees are active in our communities. And Power of Two is one way we can help support the causes that are close to their hearts.

*I enjoy volunteering on the small, rural fire department because it's a way of giving back to the people and area where I was born and raised. None of us are experts and we aren't all perfect, but when called on, there's a group of great people ready to tackle a bad situation.*

*I enjoy giving back to my community by being there in times of need. Whether it's assisting in an emergency or teaching youth about fire prevention and safety.*
