

2023 Revenue Decoupling Adjustment

The Minnesota Public Utilities Commission approved our request to implement adjustment factors to our Revenue Decoupling Mechanism (RDM) Rider.

The approved rate adjustments shown below become effective October 1, 2023, for all classes of customers subject to the adjustment.

Revenue Decoupling Adjustment (Refund)/Surcharge

Energy charge	Per kWh
Basket #1	0.0816 ¢/kWh
Basket #2	0.1681 ¢/kWh
Basket #3	(0.0550) ¢/kWh
Basket #4	0.1429 ¢/kWh
Basket #5	(1.9935) ¢/kWh
Basket #6	(0.0821) ¢/kWh

Our Revenue Decoupling Mechanism Rider supports customer adoption of Distributed Energy Resources and works in conjunction with the Conservation Improvement Program by neutralizing the impact of reduced sales due to promotion of energy conservation efforts. This rider is applicable to the customers defined in Minnesota rate schedule 13.10, which defines the inputs and calculation of the RDM and subsequent application of the RDM to the customer groups.
