

Take control of your energy use with My Account

My Account makes it easy to track your energy use and find ways to save—whether you're at home or on the go. With simple tools and clear visuals, you can better understand your habits and make informed choices.

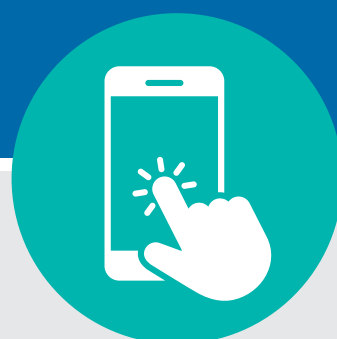

Optimized energy use = bigger savings

- Avoid costly high energy use times by adjusting when equipment runs.
- Shift your use to lower-cost hours and reduce your energy bill.
- Color-coded pricing periods make it easy to see when energy costs more, helping you build energy-savvy habits.

Stay informed with alerts

- Set custom usage thresholds and get notified when your energy use goes beyond what you expect.
- Stay ahead of surprises and manage spikes proactively.

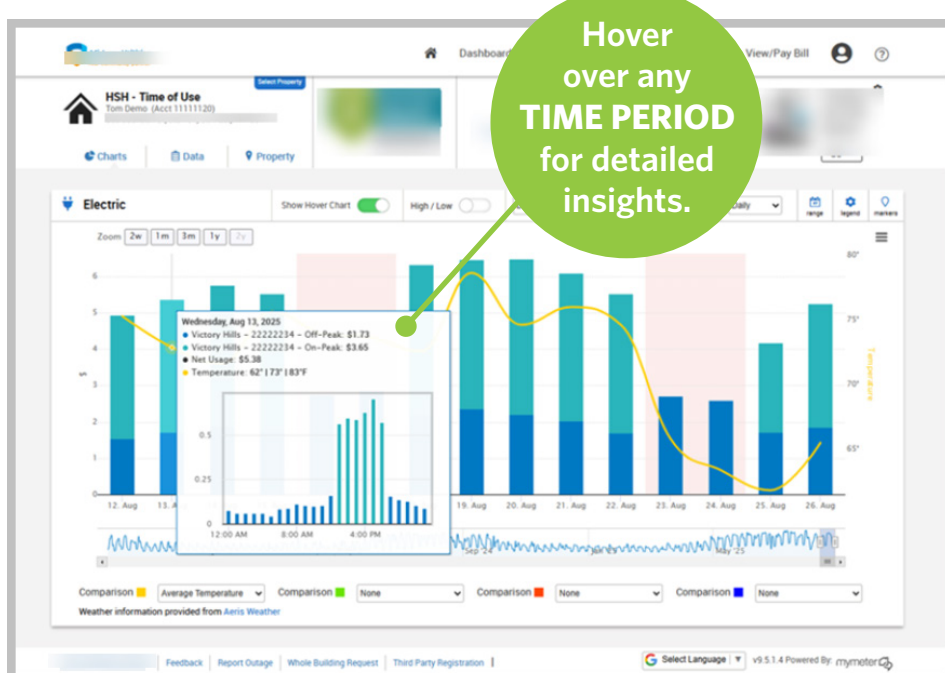

Access anytime, anywhere

- Access **My Account** through the MyMeter mobile app (just select Otter Tail Power) or log in from your desktop.
- Fully compatible with smartphones, tablets, and modern browsers—so you're always connected to your energy insights.

Explore your energy use

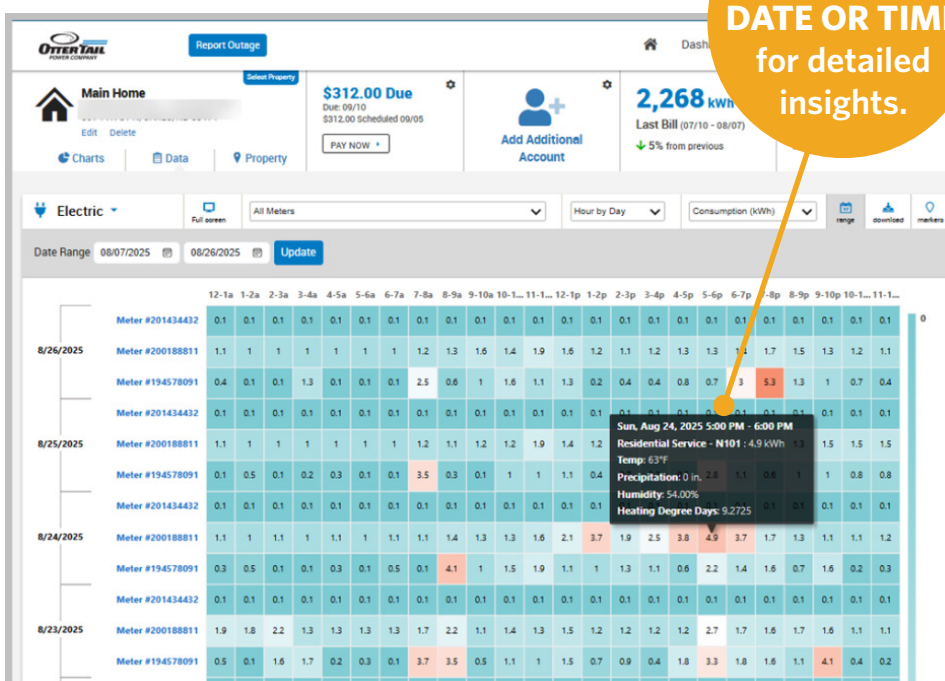

Interactive chart view

- View your energy usage in 15-minute, 30-minute, hourly, daily, weekly, or monthly formats.
- Each pricing period is shown in a distinct color, making it easy to track.
- Compare your usage with local weather conditions to see how temperature impacts your energy habits.
- Spot usage trends and peak times to better understand your energy patterns.
- See how your usage shifts across seasons.
- Your data becomes available after validation, typically the next day.

Data view

- See your energy usage displayed in a calendar-style heat map.
- Red tones show higher-than-average usage, while blue tones highlight lower-than-average consumption.
- Choose from 15-minute, 30-minute, hourly, daily, or weekly views to explore your usage in greater detail.
- Easily select a custom date range to view trends or download a report for your records.

Sign up for My Account

Getting started is quick and easy.

Visit [My Account](#) and create your login with an email address and password. To verify your account, you'll need your Otter Tail Power account number and the ZIP code of your service location.

Once you're registered, you'll be able to view your energy usage, manage billing, and more—all in one convenient place.
