

Customer notice

The Minnesota Public Utilities Commission approved our request to implement a new My Renewable Energy Credits (My RECs) Rider. This voluntary rider helps customers with over 20 kilowatts of demand meet sustainability and other business goals.

We'll retire RECs on behalf of subscribers based on their annual kilowatt-hour (kWh) use. Customers will have the option to participate in this program in amounts equal to 50 percent, 75 percent, or 100 percent of their electric use at per kWh charges.

We've updated the following Rate Schedules, which are available at otpc.com/pricing, to reflect the addition of this new rider.

1. MN Index
2. MN 13.00 Mandatory Riders - Applicability Matrix
3. MN 14.00 Voluntary Riders - Availability Matrix
4. New MN 14.13 Reserved for Future Use
5. New MN 14.14 My Renewable Energy Credits (My RECs) Rider
