

# Customer notice

The Minnesota Public Utilities Commission approved our request to implement a new Electric Vehicle Credit Rider, known as EVantage. This rider allows electric vehicle customers to lower charging costs by participating in load management control.

We've updated the following Minnesota Rate Schedules, available at [otpc.com](http://otpc.com), to include the addition of this new rider:

1. MN Index
2. MN 13.00 Mandatory Riders - Applicability Matrix
3. MN 14.00 Voluntary Riders - Availability Matrix
4. MN 14.05 Electric Vehicle Credit Rider (new)

These updates take effect March 1, 2026, and will consist of a \$9.00 monthly bill credit for a single electric vehicle or a \$13.00 monthly bill credit for multiple electric vehicles.
